

Spare circuits

We have spare circuits for all our devices. All of them have been certified and are compliant with the directives 2006/95/EC: Low Voltage Directive on Electrical Safety and 2004/108/EC: EMC and RoHS Directive. PCB's are mounted with high quality electronic components and are verified one by one.

COMPACT 1

RECC212

COMPACT 2

RECC214 until serial n°06
RECC309 from serial n°07
RECC311 for the 127V model

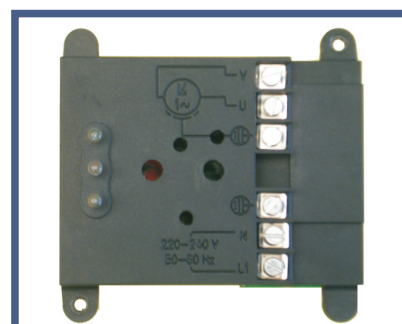

COMPACT 3

RECC353 until serial n°08
RECC213 from serial n°09

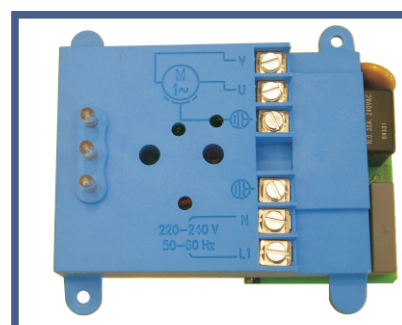

OPTIMATIC

RECC289

OPTIMATIC 22

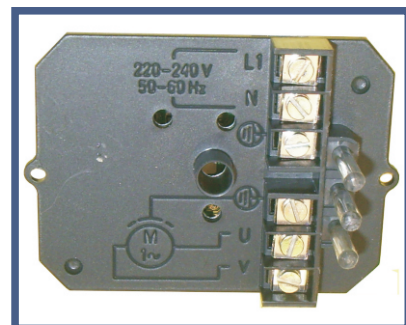

RECC308 for OPTIMATIC 22
RECC312 for the 127V model
RECC 381 for the E model

Spare circuits

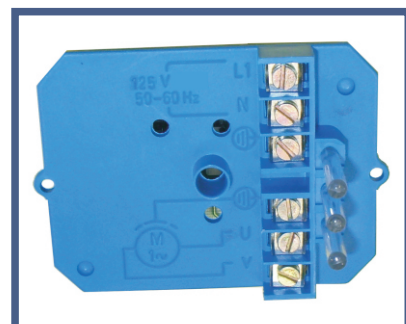

CONTROLMATIC

RECC211 until serial n°10
RECC358 from serial n°11

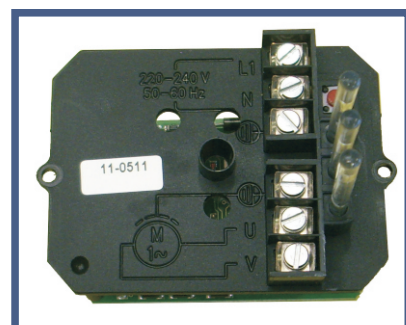

CONTROLMATIC 125V

RECC178 until serial n°10
RECC359 from serial n°11

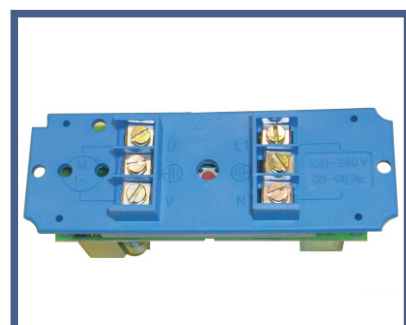

CONTROLMATIC E

RECC167 until serial n°10
RECC360 from serial n°11

CONTROLPUMP

RECC148 for Controlpump
RECC151 for Controlpump DIGITAL

CONTROLPUMP 125V

RECC177
