

1-046DST DST Fastener 30x10

DST

Advantages

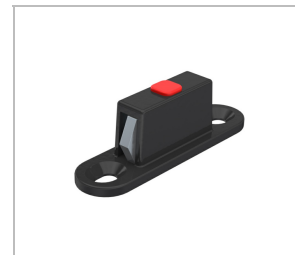

- Fastener with DIRAK-SNAP-Technology for a one-sided fixed and a one-sided detachable connection.
- For cutout 30x10.
- The width of the cutout can be enlarged for adjusting.
- Clamping range 0.8-3mm.
- Pull-off forces: ~15 - 50N.
- Blind assembly in closed profiles.
- Vibration-proof.
- The fastener can be screwed on for flush applications in a recess (metal sheet / wood)

Materials

- **Fastener:** zinc die, black
- **Snap wedges:** sintered steel

Remarks

- F = pull-off force
Fastening with countersunk screws M4 or wood screws.
1. Cutout for detachable side / tolerance dimension
 2. e.g. Sheet metal
 3. e.g. Wood

Fastener

Part Number	Clamping range (S)	Pull-off force	Installation type
295-9002.00-00001	0.8 - 3.0 mm	~15N	tool-less / screw-on
295-9002.00-00003	0.8 - 3.0 mm	~30N	tool-less / screw-on
295-9002.00-00005	0.8 - 3.0 mm	~50N	tool-less / screw-on
